Address: Aska, Ganjam, Odisha, India, 761110

PROFILE

Enthusiastic and detail-oriented **.NET Developer** with hands-on experience building web applications using **ASP.NET**, **C#**, and JavaScript. Skilled in **OOP**, **ADO.NET**, and **RESTful API** integration. Proficient in front-end frameworks like **React** and **Angular**. Solid understanding of **MS SQL Server**. Passionate about writing clean, maintainable code and eager to contribute to fast-paced development teams.

SKILLS

Programming Language: C, C#, JavaScript	Database: MS SQL SERVER, MySQL
Backend: ADO.NET, Node.js, ASP.NET, MVC, WEB APIs	Concepts: OOPs, Basics of DSA
Frontend: React Js, ANGULAR, Bootstrap, Tailwind CSS	Tools: Git, GitHub, VS Code

PROJECTS

FILMFUSION: Movie Recommendation System

- Designed and developed "FILMFUSION," a movie recommendation system that improves user engagement by offering personalized suggestions from a database of over 10,000 films.
- JavaScript powers user interactions and enables asynchronous server communication to retrieve movie details.
- Frontend: **HTML**, **CSS**, **Vanilla JS**, **Bootstrap**
- Backend: **TMDB API**, **JavaScript**, **MySQL**

PORTFOLIO:

- Here, you'll find a collection of my projects. Each project showcases my attention to detail, proficiency in coding, and passion for design, resulting in an engaging user experience.
- I made my portfolio website using **React JS** Technology.

College Management System: (C#, ASP.NET MVC, SQL Server)

- Developed a web-based application to automate key operations in a college environment. Enabled admin users to manage student records, course enrollment, fee payments, library inventory, and semester-wise academic performance. Designed using **MVC** architecture and connected to a **SQL Server** backend using **Entity Framework** for reliable data management.

EDUCATION

- | | |
|--------------------------------------------------------------------------------------------|-----------------|
| B. TECH COMPUTER SCIENCE , Vignan Institute of Technology and Management, Berhampur | (2020) - (2024) |
| INTERMEDIATE , Manitar Science Higher Secondary School, Manitar | (2018) - (2020) |
| MATRICULATION , Saraswati Sisu Vidya Mandir, Asika | (2017) - (2018) |

CERTIFICATIONS

- | | |
|---------------------------------------------------------------------------------------|---------------|
| Java Android App Development , by Technophilia and Business Club IIT KHARAGPUR | November 2022 |
| Complete React Js with Hands-On Projects , by Udemy | April 2024 |

INTERSHIPS

- | | |
|----------------------------------------------------------------------------|------------------------------|
| Worked on the Web Development (using HTML, CSS, JS) at Innovixion (Remote) | December 2023 – January 2024 |
| Worked on the Full Stack Web Development at Briskode Technology (Remote) | January 2024 – March 2024 |
